Itinerary

1st Day Trogir (Embarkation) – Island Šolta{{regular}} A & B: aprx. 16 km, aprx. 300 m of elevation{{end}}

Individual arrival to Trogir. After check in on the motor yacht between 2 and 2:30 pm, the first crossing to the Island of Šolta starts at 3 pm. Here we will start with our first tour, which leads us past kilometres of dry stone walls, numerous olive groves, locust bean and fig trees. Sage and rosemary line the hidden paths and are the basis for the honey from the local beekeeper Goran, who, with wit and charm, brings us closer to the importance of bee's lives. Short trails lead down to the sea and back to the ship, where we spend the evening in a charming harbour town.

2nd Day Island Vis {{regular}} A: aprx. 30 km, aprx. 900 m of elevation B: aprx. 25 km, 670 m of elevation

In the morning we cruise to the island of Vis. Vis is the farthest inhabited island from the Croatian mainland. Great diversity in the terrain of the island offer us mountain bikers fantastic riding opportunities while exploring this treasurable location. Wonderful views and unique single trails make the island a paradise for biking. The trip to the top/peak of the island is a worthwhile recommendation for advanced bikers as an additional option. A traditional lunch can be enjoyed in-between the trail sessions at a local konoba, before returning to the boat in the late afternoon to spend the night on this wonderful island.

3rd Day Island Korčula: Vela Luka{{regular}} A: aprx. 29 km, aprx. 630 m of elevation B: aprx. 28 km, aprx. 450 m of elevation{{end}}

In the morning we cross over to the harbour of Vela Luka on the island of Korčula stopping for a swim from the boat if the weather permits. We have some great riding on the program today with both groups starting off together on the northern tip of the Island. From the harbour we pedal along some coastal trails before continuing along a mixture of asphalt and gravel roads to the historical archaeological site of Vela Spila, an incredible cave rock formation. Here we divide into two groups: one group can enjoy an urban trail back to the harbour, while the second group descends on gravel roads. Back at the harbour we can enjoy a short coffee break before continuing in two groups for one last trail session on the southern tip of the Island. After a successful descent we enjoy a celebratory dinner on board and spend the night in Vela Luka.

4th Day Island Hvar: City Hvar – Stari Grad{{regular}} A: aprx. 30 km, aprx. 800 m of elevation B: aprx. 21 km, aprx. 460 m of elevation{{end}}

Arriving in the city of Hvar on the island of Hvar in the morning, we unload the bikes and start off on a great days biking. Our focus is to cross the island which we do on a variation of asphalt roads, undulating natural paths and gravel tracks. Along the way some great trail sections distract us from our uphill mission. Halfway across the island we enjoy a well-earned lunch at a local restaurant before reaching the highest point of the tour and choosing our descent down to the fruitful planes of Stari Grad where the boat awaits us in the harbor. The night is spent in the picturesque harbor town of Stari Grad.

5th Day Island Brač: Milna – Postira {{regular}} A: aprx. 38 km, aprx. 1,000 m of elevation B: aprx. 40 km, aprx. 910 m of elevation

Today features the longest trail of the week! During breakfast we cruise to the harbor of Milna on the Island of Brač where we unload the bikes and set off on our ride to the highest peak of the Adriatic islands. Our path leads us past olive groves, herb meadows and typical karstic formations such as sinkholes. The view from atop the 780 m high Vidova

Gora is incredible. You can even have a look down on Bol and the iconic Zlatini Rat Beach - the Golden Horn. The descent into the valley starts out technical and becomes more flowy near the end on the Broken Glass trail. An alternative, less challenging path with incredible views can be taken also. Our destination is the seaside town of Postira where we spend the night.

6th Day City of Split: Marjan Park{{regular}} A/B: aprx. 20 km, aprx. 300 m of elevation{{end}}

After the biggest ride yesterday we enjoy a cruise to the city of Split in the morning. The old town of Split, built adjoining the famous palace of the Roman Caesar Diocletian, is a UNESCO world heritage site. Today we have the choice between relaxing at the beach or taking part in the bike tour through the Marjan Forrest Park in the heart of Split. A number of short but exciting trails riddle the park and make for a fun trail session. In the afternoon we can explore the bustling city of Split again together as one group. Overnight stay in Split.

7th Day Split – Čiovo Island - Trogir{{regular}} A: aprx. 21 km, aprx. 420 m of elevationB: aprx. 24 km, aprx. 220 m of elevation{{end}}

In the morning, we enjoy our last cruise back to Trogir. From here, we take the bikes across the local bridge to Čiovo Island where we get stuck into our last bike tour. Čiovo is a sea of flowers and the aromatic scent of wild herbs hangs in the air. Here we enjoy riding the local cross country trails before we split into two groups. One group can enjoy a refreshing swim in the ocean while the other group continue on some enduro lines on the island. Afterwards there is enough time in the afternoon to enjoy the UNESCO World Heritage city of Trogir before enjoying a festive last meal on board in the company of your fellow travellers and guides.
