### Greek island secrets by e-bike and boat

Spend a week exploring the southern Dodecanese islands by e-bike and a comfortable motor sailer, and experience their unique diversity. The trip takes you to the diverse island of Kos, the volcanic island of Nisyros with its steaming craters as well as to Symi with its beautiful island capital and to the mini-island of Tilos, which was once home to dwarf elephants.

A true highlight of the trip is the bike tour on the Datca Peninsula that leads through spectacular nature to the beautiful bay of Knidos. Come with us on a journey through time and discover the rock throwing Poseidon, the Knights of St John, and the famous sponge divers of Symi. They have all contributed to the unique character of these islands through their legacies.

This tour is part of our Islandhopping PLUS program. The PLUS tours offer our guests a PLUS all-round: a comfortable motor yacht, unlimited e-bike availability, as well as some pleasant surprises along the way.

# Itinerary

## 1st Day Bodrum / Yalçıftlik (Embarkation)

Your arrival to Bodrum takes place independently. We recommend purchasing an arrival transfer from the Airport or your Hotel with Islandhopping in advance. Your cabin on board will be ready at 14:30. Your tour officially starts with the evening meal on board.

## 2nd Day Yalçıftlik (round tour) – Kos(aprx. 23 mi./38 km)

After breakfast we start our first bike ride through the local pine forests to Camlik where we will have the chance to refresh ourselves with a short coffee break. We continue cycling through silver-green olive groves to the small village of Etrim. Ancestors of the Turkmen tribes continue to live semi-nomadic lives in the region. We can marvel at their fascinating hand crafts and during a lunch break at a local restaurant we can discover some local cuisine. After lunch we return to Yalçıftlik where we board the boat and cruise to the island of Kos. A wealth of cultural sights in Kos town provide an insight into the town's turbulent historical past including the Roman Forum, the Crusader fortress, and the mosques from the time when Kos was part of the Ottoman Empire. The evening can be spent in one of the numerous bars or cafes in the town.

## 3rd Day Kos Island/Kos Town - Nissyros Island(aprx. 19 mi./30 km)

Today we bike in the direction of the world-famous archaeological excavation site of the Asclepion in Kos, the former home of Hippocrates, the father of modern medicine. From here we cycle along the coast back towards the town of Kos, where we board the boat and cruise to the volcanic island of Nissyros.

## 4th Day Nissyros Island – Tilos Island(aprx. 19 – 25 mi./30 - 40 km)

Today's cycle tour leads us first to Nikia - a mountain village built directly on the edge of the volcanic crater at 1,400 ft./430 m above sea level. From here we can enjoy a spectacular view into the crater of the volcano. The volcano, white houses, and numerous pebble mosaics are a truly special highlight of this tour. From here we cycle on along the crater with its steaming sulphur springs before heading back to the small port town of Mandraki where our boat is already waiting to take us to Tilos Island, inhabited since ancient times.

## 5th Day Tilos Island - Chalki island(aprx. 14 mi./22 km)

Our morning bike ride takes us from Livadia to Megalochorio. Here, those interested have time to visit the pygmy elephant museum, before returning to the boat. A tasty lunch awaits us on board followed by a relaxing cruise from Tilos to the island of Chalki. The picturesque island capital offers a first impression of the classic architecture style which we will see on Symi.

## 6th Day Chalki Island – Symi Island(aprx. 16 mi./25 km)

In the morning we sail to Panormitis Bay, which lies just off the island of Symi, to visit the local monastery. Afterwards, we head off for the other side of the island. Cycling up several switchbacks, we slowly conquer the hill, allowing ourselves enough time to enjoy the picturesque views on the way up. Our destination is the island's capital, Symi, with its classical cityscape and harbour. In the evening, we can head to the upper part of Symi town. From the top we have a breath-taking view over the harbour and the coastline of the bay. An evening visit to a remote tavern allows us to enjoy

the evening away from the hustle and bustle of city life.

### **7th Day Datça - Knidos - Bodrum/Yalıçiftlik(aprx. 26 mi./41 km)**

In the morning, we make our way from Symi to the neighbouring Datça Peninsula, back in Turkey. Today's bike tour takes us from the Datça district along the peninsula to the historical ruins of Knidos (4th century BC) with its wonderfully preserved amphitheatre. After a visit to the impressive archaeological site, you will cross over to Yalıçiftlik. We say farewell to guests, guides, and crew with a festive evening on board.

### **8th Day Disembarkation**

Disembarkation after breakfast. Collective transfers to Bodrum Airport. If you wish to fly home from the Island of Kos, your ferry will depart at 9:30 am. Please ensure that your flight departure from Kos is no earlier than 1 pm.
