Zaanse Schans - Amsterdam

1st Day Zaanse Schans - Alkmaar

You are welcome to check in between 1 p.m. and 2 p.m., where your crew will welcome with coffee and tea. The ship is docked next to the Zaanse Schans, a unique hamlet where people live and work alongside original houses and windmills built next to the river Zaan. This tiny village is dominated by its operating windmills — the oldest of which was built in 1673 — and these were used for grinding mustard seeds, spices, and which and paint components; extracting plant oil; and for sawing wood into planks.

2nd Day Alkmaar – Alkmaar (33km/20mi. or 40 km /25 mi)

Today you can discover the beautiful North-Holland Dune reserve. This is a 5.300 hectare large forest- and dune area with its unique landscapes. In these dunes the drinking water for almost the whole province of North-Holland is gained. After a visit to the beach and artists village Bergen you will return to Alkmaar where you can visit the wonderful city center.

3rd Day Alkmaar – Den Helder (aprx. 19 or 33 mi./30 or 53 km)

Today we head out on a cycle tour through the north of Alkmaar and past the most beautiful tulip fields on the way up to the North Sea. The sandy beach here is one of the most wonderful beaches to walk along in the entire country, the perfect spot to feel the wind in your hair or simply to enjoy the view. Close by, and certainly worth a visit, is the artist's village of Bergen. Afterwards, we cycle on through the North-Holland Dune reserve to Den Helder. This piece of land wedged between the North Sea and the IJsselmeer boasts the world's biggest single flowering bulb field. To describe it in one word: spectacular!

4th Day Den Helder – Wadden island of Texel (aprx. 26 – 29 mi./43 – 48 km)

During breakfast, the ship sails to the island of Texel, the largest of the Dutch Wadden Isles. Today there is a choice between a shorter or a longer tour around the island. As we cycle through delightful natural parks, we find more fields of blooming flowers! The signposts lead us through picturesque villages and beautiful landscapes to the "Ecomare" seal sanctuary. At the end of the cycling tour, there is time to enjoy a locally brewed and well-deserved beer during our visit to a small brewery near Oudeschild.

5th Day Oudeschild - Enkhuizen (Sailing day)

Today there is a full day of sailing and relaxing on board to look forward to as we set sail towards Enkhuizen. You are welcome to lend a hand with navigation and the hoisting of the sails. Absolutely no previous sailing experience is required. Otherwise feel free to simply sit back on deck, relax and enjoy the scenery as we sail through the IJsselmeer. During the crossing we enjoy a delicious lunch on board. In the afternoon, we arrive in Enkhuizen, an old city with many centuries of maritime tradition. Here there is plenty of time to explore "the herring city", which boasts a beautiful old harbour and an old town brimming with history. No dinner is served this evening, allowing you to explore the city and choose where you would like to eat whether that be a picnic meal or one of the wonderful restaurants.

6th Day Enkhuizen – Hoorn / Hoorn – Volendam (aprx. 20 mi./28 km)

In the morning, the ship sails along the coast of the IJsselmeer to the former Dutch East India Company town of Hoorn,

which was one of the world's leading harbours during the 17th century. The afternoon ride leads to Volendam, a small, picturesque fishing harbour on the shores of the IJsselmeer. Along the way, you pass Edam, which is known for its famous red/yellow wax covered Edam cheese. While this charming village is now renowned for cheese, it was once a trading town with a successful ship building industry and a busy port. It is thanks to this that the town's speciality became one of the most popular chesses in the world: As the cheese doesn't spoil easily, sailors took wheels of Edam on their voyages, trading it for spices and other riches of the East.

7th Day Volendam – Keukenhof - Amsterdam(Full day bus excursion)

Today you enjoy a bus ride through spectacular landscapes, the oldest tulip fields in Holland, and to the Keukenhof Gardens. Once here, there is plenty of time to discover the most beautiful bulb park in the world — Keukenhof is where spring becomes a superlative of itself. The gardens are a kaleidoscope of colour with seven million flowering tulips covering a magnificent 80 acre stretch of land featuring both traditional and modern garden design. Besides the tulips there are various hyacinths, daffodils, and many other bright flowers to enjoy. In the afternoon, the bus takes you back to Amsterdam to spend a peaceful night in your floating hotel.

8th Day Amsterdam(Disembarkation)

Your trip ends with a delicious breakfast followed by disembarkation until 9.30 am. Individual trip home or extended stay in Amsterdam.
