### Conquer Kvarner: Peak Thrills with Sea Views

Spend a week on a charming motor sailor and travel to the islands of Cres, Lošinj, Rab and Krk. Your guide will accompany you to the hidden corners of the region. The hilly to mountainous landscape with partly challenging slopes requires a good physical condition.

The islands are known for their own special character and diverse landscapes. Therefore the trails are rich in variety. From wide natural paths, small side roads, Roman roads, seafront promenades and narrow paths; the islands offer a rich variety for every biker.

TO NOTE: This tour runs alongside our regular cycling tour on the same ship on all departure dates - an ideal option for couples with different interests who still want to enjoy their holiday together. If there are more than twelve MTB guests, two certified MTB guides will accompany the group.

# Itinerary 2026

## 1st Day Omišalj (Embarkation) – Rabac (A & B: aprx. 10 km / 200 m of elevation)

Individual arrival to Omišalj on the island of Krk. Board the boat between 1 and 1:30 pm. At 2 pm we embark on our first cruise on board the boat to Rabac on the Istrian Peninsula. The coastal town is surrounded by crystal clear blue waters and numerous cafes on the seaside promenade give an inviting impression. It is here that we will do our first small tour to get the bikes set up for the week. This will take place in the local Bike Skills Park. Here you can test your bike and your riding ability on the first ever constructed bike park in Croatia. The night is spent in Rabac.

## 2nd Day Rabac – Island Cres (A: aprx. 32 km / 500 m of elevation; B: aprx. 25 km / 500 m of elevation)

Today's bike tour starts with a transfer to Labin, a village at 300 m above sea level. The descent back down to the sea alternates between asphalt roads, forest tracks, and simple trails. A more technically demanding trail takes you along the coast of the peninsula with fleeting views of Rabac. Once back at the boat we cruise to the island of Cres to the main town with the same name. A quaint harbour town characterized by its Italian architecture. The night is spent here.

## 3rd Day Islands Cres and Lošinj (A: aprx. 30 km / 700 m of elevation; B: aprx. 34 km / 600 m of elevation)

The tour starts with an asphalt climb before turning off onto gravel roads with wonderful views over the bay of Valun steadily making your way inland. In the clifftop town of Podol our efforts are rewarded with a short break. After catching our breath, we continue along natural paths and goat trails with flowy sections past the Vrana Lake in the direction of Lubenice. The final trail to the port of Martinšćica has technically demanding sections. The boat awaits our arrival in Martinšćica and takes us on a cruise to the relaxed harbour town of Mali Lošinj. The various cafes and bars along the seaside promenade offer plenty of choice to enjoy a relaxing sundowner before catching a restful night's sleep.

## 4th Day Islands Lošinj and Ilovik (A: aprx. 30 km / 600 m of elevation; B: aprx. 25 km / 400 m of elevation)

The island of Lošinj is sculpted for Mountain bikers. Here we have the tough choice either to bike along the coastline through lush pine forests once around the peninsula, past picturesque bays, or to take a more technically challenging ride to the harbour of Veli Lošinj. Veli Lošinj was originally the capital city of the island before its harbour became too small for modern day boats and Mali Lošinj overtook it in size and popularity. In the afternoon, we cross over to the island of Ilovik where we can enjoy the afternoon exploring the island by foot and going for a swim.

## 5th Day Islands Ilovik and Rab (A: aprx. 37 km / 700 m of elevation; B: aprx. 33 km / 550 m of elevation)

In the morning, we cruise to the island of Rab. A small island, but great for mountain biking. The tours take place on seaside trails along historic roman roads with exceptional views over the island and on flowy sections through the Dundo Forrest with constant glimpses of the clear blue sea. Those seeking to ride more technically challenging trails will be pleased to know that the island offers many rocky and blocked riding sections. The island offers great variation for all riders. The old town of Rab, with its four clock towers, is regarded as one of the most picturesque old towns on the Adriatic coast. A wonderful town to spend the evening in looking back on a day of great riding.

## 6th Day Island Krk (A & B: aprx. 27 km / 420 m of elevation)

In the morning, we cruise to the Krk, the capital of the island of Krk. The first ascent leads through olive groves on a

gravel road. The descent is on a natural single trail that ends at the sea. The route continues along the coast on a single trail past some small bays. On the other side of the town of Krk, the route climbs through a forest to Punat. The descent leads over rocky terrain. Enjoy an evening exploring the alleyways with your guide and relaxing on one of many beautiful spots near the sea. The night is spent in Krk.

### **7th Day Island Krk: Krk – Vrbnik – Omišalj (A & B: aprx. 52 km / 790 m of elevation)**

Over the ridge of the island we arrive in the small museum town of Vrbnik in the northeast. The town, built on a 50-meter-high cliff and surrounded by vineyards, is home to the famous white wine Žlahtina. A varied route brings us to Soline, where we have the chance to swim. We bike on a narrow path along the coast back to the ship in Omišalj, where we have enough time to walk through the town, go for a swim or relax on board before the trip ends with a cozy get-together.

### **8th Day Omišalj (Disembarkation)**

Disembarkation takes place after breakfast, i. e. around 9 am. Individual trip home or extend your holidays in Croatia.

## Linda

The wooden motor yacht, Linda, was reconstructed in 2006 especially for Islandhopping and all of our know-how was invested in the project. Wooden clad cabins, of which three are below deck and eleven above deck, as well as a spacious and functional saloon with wooden tables and upholstered benches give the Linda a homely atmosphere.

The various decks provide a generous amount of space for the guests to relax on board. The sundeck is fitted with comfortable sunning mats so that the panoramic view from the top of the boat can be enjoyed to the fullest. Good weather offers the opportunity to set the outside table for meal times.

The crew on board have worked together for many years and are a well-practiced team. Their smiles and helpful attitudes characterize the atmosphere on board.
